## Release the Power of Prayer...

As Esther obeyed the Holy Spirit, He took her on a **breathtaking journey of powerful prayer** from the prisons in China, to crazed gunmen in the USA and for Church leaders all over the planet. On this journey Esther learned remarkable keys to the types of prayer that can change world events, save lives and build the church. Through prayer Esther became a vital part of both heaven's purposes on earth and Gods work in the nations!

These keys to prayer are **essential for every church**. There are countless organizations that do great things. We, the church, can do even greater things. We have been given prayer to directly access and instantly enter the very throne room of God and talk with Him. This makes the church unique from every other organization that exists.

Esther's teaching equips and inspires believers to realize that prayer never needs to be boring and it is not difficult! Prayer is exciting, prayer is powerful and prayer is for every born again believer. Prayer exists in a realm beyond the influence and plans of man. It does not matter who we are or where we have come from, **powerful prayer is available to us!** Prayer releases God's will here on earth upsetting every plan of the enemy in Jesus name.

The cry of the Spirit is for His people to understand these powerful prayer keys from His Word. This will open the doors of access like never before for the church! **Divine keys in prayer** are available to reach your community, city and nation, change world events, save lives and build your church according to the heavenly vision in your heart.

God's desire is to enable each church to take a **stronger place in prayer and spiritual authority** in its region. It is not just any prayer that changes things; it is only Holy Spirit led, Word of God prayer that brings change!

**Prepare your church to enter a new level in prayer...** a new level of growth... a new level of impact and a new level in the Spirit affecting every facet of church life!

## A little about Glenn & Esther...

Glenn and Esther Nurse graduated from Spirit Life Bible College USA in 1997 with academic honours and they were both ordained as ministers in 1999. They have served on executive leadership teams and boards of directors for three international ministries, as bible college lecturers and deans, as well as pioneering and serving as the directors for the Australian office of Messenger International, a ministry of John and Lisa Bevere. Both Glenn and Esther travel extensively ministering the Word of God to support the work of local churches everywhere and as a family they live in Sydney, Australia.

## Imagine for a moment...

Imagine for a moment if everyone who has attended your church in the last 5 years had become a healthy, functioning member? What would your church look like today?

There are large numbers of good people that once served as faithful, enthusiastic and functioning members in our churches who are now struggling to live the Christian life. Sitting in the back rows these people are hurting and crying out to God for help because man has let them down. In the past they tried to be a blessing in the church only to get hurt in the process. They now hurt others, which stops them from being a blessing. It was only one person in the church last year; now it's ten. At this rate it could be fifty or more by the New Year! It is spreading like a virus through our churches and we need to halt its progress!

To exclude good people from great churches is never the answer. Every wound they may carry can be healed. What was a rampant epidemic in a church can be turned around and a **new breathe of life** can revive and re-equip the believer to live strong again.

In the teaching "**STICKS, STONES & BONES**" Glenn guides us through a process employing illustrations from Jesus, Paul and the other Apostles to convey healing to every believer. A believer will understand how the enemies attack works and not become his next casualty in the church. People will be equipped to live a better, healthier and happier life. Being able to love and serve others more by finding true healing and freedom themselves.

Today's cry from the Church is "All hands on deck". Every person is needed for action. "**STICKS, STONES & BONES**" will help those who may have a cold heart... to burn again!

## What Leaders are saying...

**John Bevere, USA...**

"We totally love Glenn and Esther and words can't even begin to express how much it has meant to us that they have served God so closely with us. Glenn and Esther have been excellent in all their practices, in believing God, in business, being spiritual and practical in all they put their hand to. We realize they have a call of God on their lives, which is why we are releasing them with absolute joy and blessing into their new season!

**Anne Graham, Director QLD Christian Women, Australian Christian Churches**

"In recent years I have been given the enormous privilege of standing on a platform with Esther Nurse. Her love for God and His timeless word comes through all she says and does which leaves us with a rich deposit. Esther leaves us with no doubt that she is a woman of great faith and heart for the health of God's House. I am personally grateful to know this woman who is dreaming the dreams of God for our nation and representing her God brilliantly wherever she goes. She is one of God's finest Kingdom Women."
